Today I tried to take office and went to main source for keys to building. Larry Jandreau advised me that due to a court document handed to him. He is unable to gimme keys to office. He had verbal confirmation from Lee Brennan, Orville Langdeau, and John McCauley to not let me get keys. Only way is if I get a written permission from those three. Then pulls out court document's to show me them. I stated to him that by putting all these blockades for my taking office shows people the truth. As I know this documents are not in place as we haven't went to court. Other issue is this the court is an illegal court. They have no jurisdiction over the council who are the supreme authority here that oversee the court. The judge has been illegally appointed in which makes this court illegal. So all incarcerated need to exercise their treaty rights and claim habeas corpus. In all truth I'm the chairman but due to this opposition here we are being hindered to make necessary changes needed for the people. Question is this when did Lee Brennan get elected into office. Also red is an illegal council member himself. As through the constitution and bi laws you need to reside within the reservation boundaries. Orville Langdeau doesn't reside within the boundaries. Now they're trying to remove the three

newly elected officials from office through an illegal petition. Using the court system to the benefit the old councils behalf. Main question is with everything that has been shared with the people on truth behind dealings of old council should be enough to open your eyes and see the truth. Westrock dealings, salazar, mismanagement of funds, investigation into old council. Everything is there and yet they still ask for your allegiance. I know as a survivalist people will still keep an allegiance there. Due to fear of their oppressors. I say this I'm no longer standing by awaiting for court system to clear this matter. Bia has refused to intervene in this matter which shows its an internal matter.

Have a "ASK THE SECUTARY TREASURER MEETING" at the tribal office OR better put on a big feed for him, invite THE KUL WICASA OYATA and let him talk for himself.
