

11/13/15

To: Orville Langdeau and John McCauley,

From: Kevin Wright, Sonny Ziegler And Desiree LaRoche

At this time it is apparent that this tribe should not function without full over sight from the Whole council although this should have been the process from the beginning, It has not been the case since the new arrival of the three Newly elected council, Full Oversight is All we asked for in order to make any sound decisions on any kind of spending of Tribal and federal funds! I don't know how else to put this, it's not a demand it's good Governance!
