

The fact is the Lower Brule People elected the wrong officials. Even with the tyrant dead and buried these newly elected and recycled council representatives only push to serve themselves.

There is a difference between an "official" and "leader" just as there is a difference between a lie and a truth. Kevin Wright, Sonny Ziegler, Desiree LaRoche who were elected on the promise of change haven't changed anything? They may say that their hands are tied and they may convince you that they cannot do anything about it but the fact is that this is a lie they lie to compensate for their inexperience and insecurity. They lie to get a pay-check. They lie to you out of their own fear so that they don't have to take a stand against an old tyranny. Their weak hearts are at the rear, a warrior who runs from a fight is a coward but a warrior who lies to hide is cowardly act is an enemy.

The other two on council only need to scold these individuals in a load tone and they scurry off like beaten puppies hiding under the porch.
